

OSH – ARC

OPERATION'S SYSTEM HUB

Archiving System

User Guide

Login Page

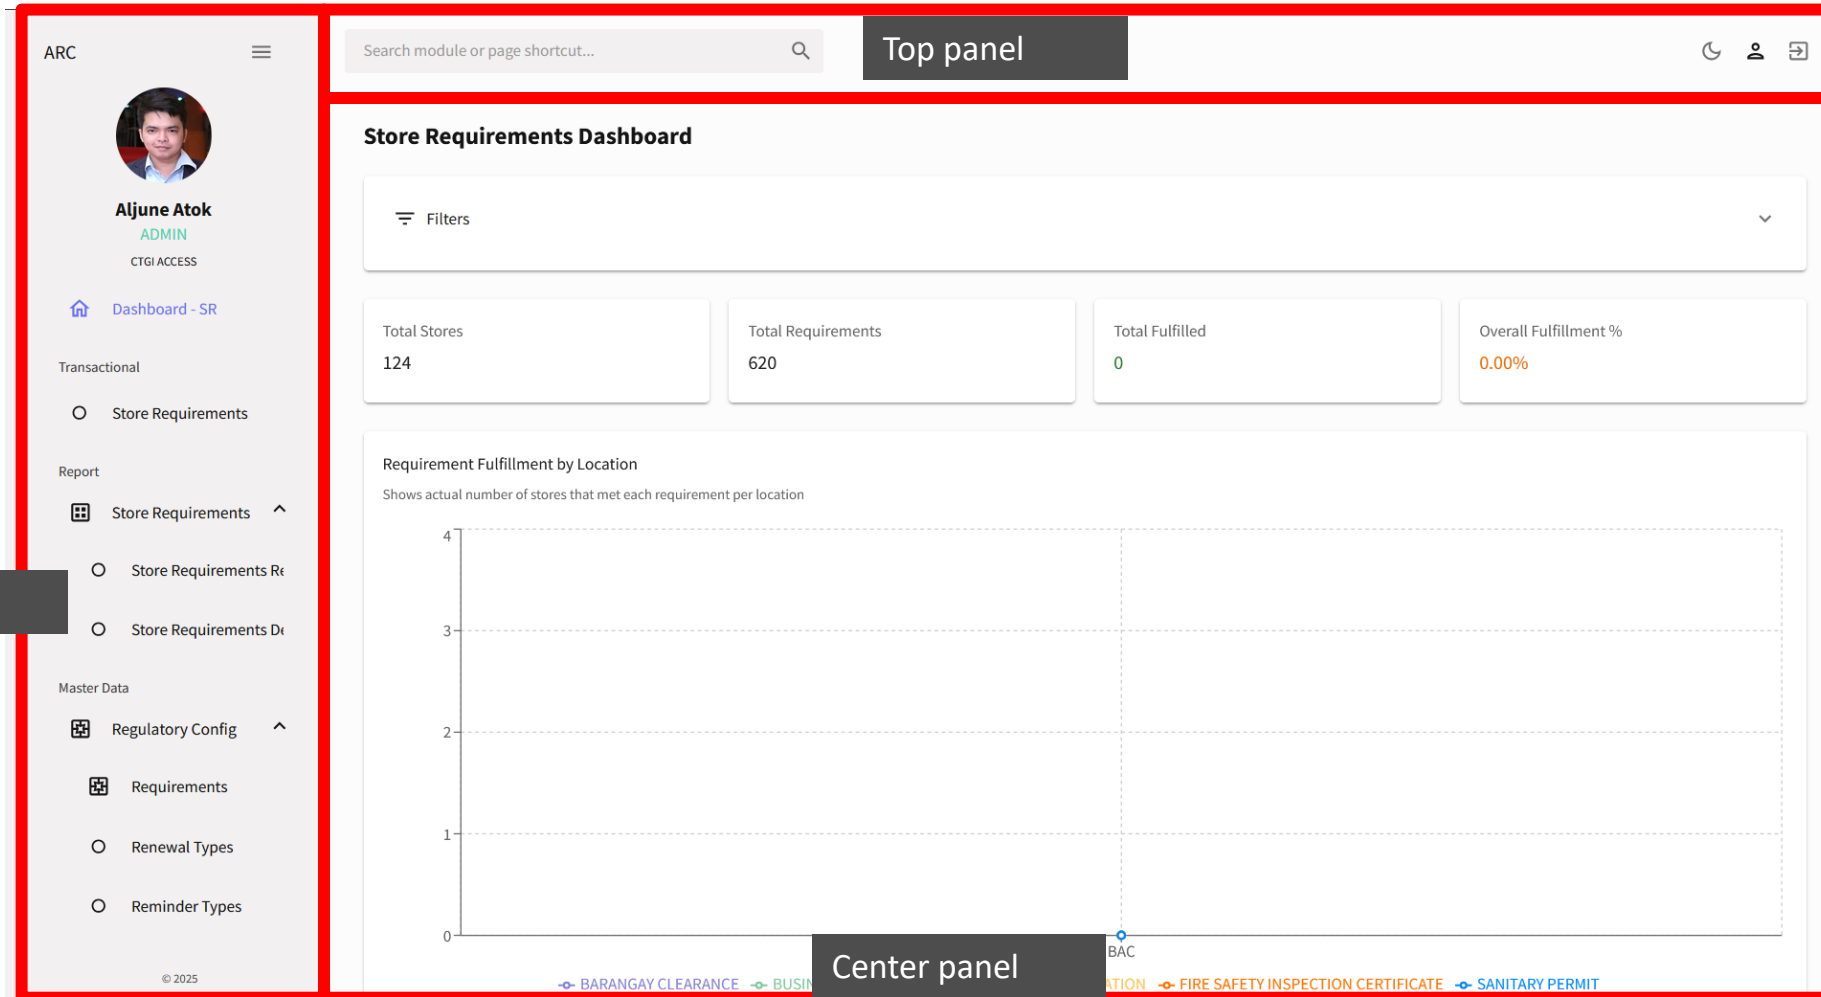

Every registered user of this system has its own email and temporary password.

Example:

- Email : sample@bounty.com.ph
- PASSWORD : yourpassword
- Click Remember Me to persist your email in the login page

The screenshot shows a web browser window with the address bar displaying 'osh.chookstogoinc.com/login'. The page features a light teal background. In the center is a white login card titled 'Operation's System Hub' with a green circular icon containing a white right-pointing arrow. Below the title is the text 'Sign in to OSH'. The card contains two input fields: 'Email Address' with the value 'akatok@chookstogoinc.com.ph' and 'Password' which is currently empty and has a toggle eye icon. Below these fields is a checkbox labeled 'Remember me' which is checked. At the bottom of the card is a green button with a white right-pointing arrow and the text 'SIGN IN'. A small copyright notice '© 2025 CTGI. All rights reserved.' is at the very bottom. Three red arrows originate from the example text on the left: one points to the email field, one to the password field, and one to the 'Remember me' checkbox.

System Layout

Switching Access

The screenshot shows the 'Store Requirements Dashboard' interface. On the left is a sidebar with the user profile 'Aljune Atok' (OSS ADMIN, CTGI ACCESS) highlighted by a red box. The top right corner features a user menu with 'Profile' and 'Change Access' options, with the 'Change Access' option highlighted by a red box. A red arrow points from this menu to a dark grey callout box that says 'Click this to Switch System Access.' Another red arrow points from this box to a 'Selected Access Information' modal window. This modal contains dropdown menus for 'Access Key' (set to 'CTGI ACCESS'), 'System' (set to 'ARC SYSTEM'), and 'Role' (set to 'OSS ADMIN'). A red arrow points from the 'Access Key' dropdown to a final dark grey callout box that says 'Choose from the Dropdown List then load to Switch Access.' The background dashboard shows summary statistics: Total Stores (124), Total Requirements (620), Total Fulfilled (124), and Overall Fulfillment % (20.00%).

Click this to Switch System Access.

Selected Access Information

Total Stores: 124

Total Requirements: 620

Total Fulfilled: 124

Overall Fulfillment %: 20.00%

Change Access

Select the access key you want to use as your default. This will determine which permissions and data you have access to.

Access Key: CTGI ACCESS (Current)

System: ARC SYSTEM

Role: OSS ADMIN

Current Access Key: CTGI ACCESS

CLOSE CHANGE ACCESS

Choose from the Dropdown List then load to Switch Access.

Profile Information

The screenshot displays the Bounty ARC user interface. On the left is a sidebar with the user's name 'Aljune Atok', role 'OSS ADMIN', and 'CTGI ACCESS'. Below this are navigation links for 'Dashboard - SR', 'Store Requirements', and 'Regulatory Config'. The main content area is titled 'Store Requirements Dashboard' and includes a search bar and a 'Profile Information' tab. A red arrow points from the 'Profile' link in the top right corner to this tab. Below the tab are four summary cards: 'Total Stores' (124), 'Total Requirements' (620), 'Total Fulfilled' (124), and 'Overall Fulfillment %' (20.00%). A red box highlights the 'Profile Settings' form, which contains fields for 'First Name' (Aljune) and 'Last Name' (Atok), a 'CHANGE PHOTO' button, and a 'SAVE CHANGES' button. A text box with an arrow points to this form, stating: 'This is where you can change your name, profile picture and password.'

Dashboard

Transactional

The screenshot displays the 'STORE REQUIREMENT TRANSACTION MANAGEMENT' interface. The left sidebar shows the user 'Aljune Atok' with 'OSS ADMIN' and 'CTGI ACCESS' roles, and a menu with 'Dashboard - SR', 'Store Requirements', 'Store Requirements', and 'Regulatory Config'. The main area features a search bar, a date range filter '01/01/2026 - 01/31/2028', and two tabs: 'STORE REQUIREMENTS' (selected) and 'TRANSACTIONED REQUIREMENTS'. Below the tabs is a table with columns: Location, Store Name, Base Requirements, Transacted Requirements, and Actions. The table lists various locations like BACOLOD, AMLAN, and BAGO NEGROS OCC. Annotations with red arrows point to specific UI elements: the date range filter, the 'STORE REQUIREMENTS' tab, the 'Store Requirements' menu item, the table's column headers, and the table's toolbar (visibility, filter, download, search).

Store Requirement Report

The screenshot shows the 'Store Requirements Report' page in a web application. The left sidebar contains the user profile 'Aljune Atok OSS ADMIN CTGI ACCESS' and a navigation menu with sections: Dashboard - SR, Transactional (Store Requirements), Report (Store Requirements, Store Requirements R, Store Requirements D), and Master Data (Regulatory Config). The main content area is titled 'Store Requirements Report' and includes a search bar at the top. Below the title, there is a 'Filters' section with a red box around the 'Filters' label and an arrow pointing to a callout box that says 'Click this to open the filter panel.' The filter section contains four input fields: 'Date From' and 'Date To' (each with a calendar icon), 'Locations' (a dropdown menu), and 'Status' (a dropdown menu set to 'ACTIVE'). A red box also surrounds these four filter fields, with an arrow pointing to a callout box that says 'Fill up the filters if needed.' Below the filters are two buttons: 'CLEAR FILTERS' and 'GENERATE REPORT'. At the bottom, there is a table with the header 'Location' and 'No. of Stores'. The table body is empty, showing 'No data available'. A red box around the 'Store Requirements R' menu item in the sidebar has an arrow pointing to a callout box that says 'Click this to view the Store Requirement Report.'

Store Requirements Detailed Per Store Report

The screenshot shows the 'Store Requirements Detailed Per Store Report' page. The left sidebar contains the user profile 'Aljune Atok OSS ADMIN CTGI ACCESS', navigation links for 'Dashboard - SR', 'Store Requirements', and 'Store Requirements Detailed Per Store Report' (highlighted with a red box). The main content area has a search bar and a title 'Store Requirements Detailed Per Store Report'. Below the title, a 'Filters' button (highlighted with a red box) is shown with an annotation 'Click this to open the filter panel.' The filter panel includes 'Date From', 'Date To', 'Locations', and 'Status' (set to 'ACTIVE') fields, with 'CLEAR FILTERS' and 'GENERATE REPORT' buttons. Below the filters, a 'Search by Location' dropdown and a search input are present. The table below has columns: 'Location', 'Store IFS', 'Store', 'No. of Base Requirements', and 'TOTAL TRANSACTED REQUIREMENTS' (subdivided into 'Actual No.' and '%'). The table is currently empty, showing 'No data available'. An annotation 'Fill up the filters if needed.' points to the filter panel. Another annotation 'Click this to view the Store Requirements Detailed Per Store Report.' points to the 'Store Requirements Detailed Per Store Report' link in the sidebar.
